EXPERIENCE

DEC 2014 – MAR 2020

SERVER, LONGHORN STEAKHOUSE

- Accurately recording food and drink orders
- Running food for multiple courses keeping in mind the pace of the meal
- Learning new dishes and their components frequently, ability to recite from memory
- Making recommendations on both food and wine based on guest's dietary restriction

MAR 2017 – AUG 2017

JUNIOR WEB DEVELOPER, SIMPLE TECH INNOVATIONS

- Fixed bugs and added features as required by customers' needs. Extensively documented all changes in the CRM.
- Learned new technologies and tools frequently as well as researched which tools would best fit the specific needs of the development team, the project and its end users.
- Designed and developed user-friendly websites, both for the public domain and websites in use for private applications; including dynamic restaurant menus displayed on TVs.
- Used SEO best practices, keyword density and a Google AdWords campaign to increase traffic over 32% for a local restaurant.
